42WL968

3D, Full HD, 400 AMR, LED Smart Family TV

Designed in cooperation with award winning JACOB JENSEN DESIGN the WL968 is a stylish, feature filled 3D TV that creates a premium 3D entertainment experience in the comfort of your home. With four pairs of lightweight glasses included, everyone will enjoy the latest in passive 3D technology and 2D-to-3D conversion straight from the box. In addition Smart TV functionality allows you to enjoy the best of the internet through the Toshiba Places online portal.

3D

The Toshiba WL968 was conceiveded in conjunction with JACOB JENSEN DESIGN to combine a cinema-like 3D viewing experience with an elegant look. The super-thin aluminium frame brings the picture almost to the edge of the glass. We've included four pairs of glasses, which - thanks to passive 3D technology - are very light and comfortable to wear.

AMR 400 Active Motion & Resolution

The action stays crisp, fast and smooth thanks to our 400 AMR (Active Motion & Resolution) HD image-processing technology. It cuts motion blur and keeps the refresh rate high, so the WL968 series can easily keep up with the fastest moving sports and action sequences.

AUDYSSEY PREMIUM TELEVISION

The WL968 comes with Audyssey® Premium Television sound enhancements which produce rich sound at all volumes. Whether you are blasting your TV during the day or sticking to low volumes for late night viewing, Audyssey always maintains the ideal level of bass and clarity.

Toshiba Places

Toshiba Smart TV functionality means you can enjoy entertainment from the internet on the best screen in the house. With an integrated Open Browser, built-in Wi-Fi® and Toshiba Places you can access the internet from the comfort of your sofa and watch YouTube videos, catch up with BBC iPlayer or share photos on Flickr.

intel WiDi wireless display · USB Video RECording

With integrated WiDi you can view your content from WiDi enabled laptops without having to connect a cable. A wide selection of ports, including 4 HDMI ports and 2 USB ports, gives you plenty of ways to connect all your other devices. USB Video Recording allows you to record all your favourite shows on a hard disk plugged into the USB port.

Product design and specification subject to change or modification without notice. Specification correct at time of publication. Please check specification with retailer prior to purchase.
